Memo to: Jody Granger of Empire Disposal

From: John Askew, President

Dear Jody,

We truly appreciate the excellent service that we have been given by Empire Disposal. It is important in our business to have timely and professional service to dispose of the trash on our job sites to keep them clean and free of debris.

Thank you for the quality service you provide to our company. Your driver at who services our construction site on Westbriar in south Fort Worth has been particularly accommodating and I wanted you to know that it is helpful to us when a driver goes above and beyond to work around difficult work situations to provide good service to us.

Sincerely,

*John Askew*
